#### **DIVE REPORT –**

Thankyou Neil

The weather was fantastic, a beautiful sunny day down the Coast, calm water 10 meters viz (or according to some 30m). Water temperature was around 19 – 20C even though it felt warmer against the face.

We dived the South Wall, buoys # 5 & 2. First dive up around the caves area – good stuff!

Heaps of turtles, just brilliant, a big train of nudibranchs, crayfish all on dive one

Dive 2 at buoy #2 again heaps of turtles, anemone crabs, BUT the best of all was Aaron showing us the Seahorse – far out, just stoked! It's taken me over 2 years to see a Seahorse but I'm so pleased I have now There Jeff, aren't you sorry you slept in now (note from Sheryl) And to the rest of you – You should have been there
